Type	Insulation			
Price	1k€	10k€	100k€	1M€

Within the framework of the upgrading of the Saint Laurent du Var water treatment plant, OTV issued an invitation to tender for **questions of noise**.

dB Vib Ingénierie stood out because of its **numerous skills** in the field of noise insulation.

dB Vib Ingénierie supplied and fitted **acoustic noise insulation** composed of heavyweight mineral wool with a density of 10 kg/m² protected by 8/10e mm isoxal sheet.

When this insulation was installed it enabled the **target noise level of 85dB(A) at 1m** to be achieved.
