

RHODIA

Year	2012			
Place	CHALAMPE - 68 - France			
Sector	Chemical industry			
Field	Soundproofing			
Type	Casing			
Price	1k€	10k€	100k€	1M€

dB Vib Consulting carried out **noise compliance measurements** in the environment on the Rhodia site at Chalampé.

Following these measurements, dB Vib proposed various treatments:

- A **soundproofing casing** on a fan.
- **Acoustic insulation** on the heat exchanger.

When this work was completed we performed **noise acceptance tests** to guarantee to RHODIA the effectiveness of the treatment.
